

# Joseph Scott Wilson

## *Curriculum Vitae*

Utah State University Tooele, Biology Dept. 1021 West Vine Street, Tooele, UT 84074  
Cell: (435) 632-9791 • E-mail: joseph.wilson@usu.edu • www.insectevolutionlab.com

## Education

---

**Ph.D., Biology**, Utah State University, Department of Biology, Logan, Utah (2010). Dissertation Title: "Historical Biogeography of Velvet Ants (Hymenoptera: Mutillidae) in the North American Deserts and Arid Lands." Advisor: James P. Pitts.

**B.S., Biology**, Utah State University, Department of Biology (May 2005).

## Employment

---

**2018-Present** Associate Professor, Department of Biology, Utah State University, Tooele, Utah.  
**2012-2018** Assistant Professor, Department of Biology, Utah State University, Tooele, Utah.  
**2010-2012** Postdoctoral Research Associate, Department of Biology, University of Nevada, Reno, Nevada.  
**2010** Temporary Instructor, Department of Biology, Utah State University, Logan, Utah.  
**2007-2010** Teaching Assistant Coordinator, Biology 1610/1620 Utah State University, Logan, Utah.  
**2006-2010** Research Assistant, Utah State University, Logan, Utah.  
**2005-2010** Laboratory Instructor, Utah State University, Logan, Utah.  
**2005** Biological Science Aid, USDA-ARS Bee Biology and Systematics Laboratory, Logan, Utah.  
**2004** Biological Science Technician, USFS Okanogan-Wenatchee National Forest, Tonasket, Washington.

## Publications

---

### Books

**Wilson, J.S.**, & Carril, O.J.M. *A Field Guide to the bees of Eastern North America*. (Under contract with Princeton University Press).  
**Wilson, J.S.**, & Carril, O.J.M. *A Field Guide to the bees of Western North America*. (Under contract with Princeton University Press).  
**Wilson, J.S.**, & Carril, O.J.M. (2015). *The bees in your backyard: a guide to North American bees*. 288 pages. --(Winner of 2017 PROSE Award for best single volume reference/science book).--

### Peer-reviewed Publications (\* Indicates undergraduate coauthor, \*\* indicates graduate coauthor)

#### *Papers in review*

Sadler, E.A.\*\*, Pitts, J.P., and **Wilson, J.S.** *In review*. Reassessing species boundaries in the black-headed nocturnal wasp species of the subgenus *Chyphotes* Blake (Hymenoptera: Chyphotidae). *Systematic Entomology*.

#### *Published and in press papers*

#### In Press or Online

Waichert, C., **Wilson, J. S.** Pitts, J. P., & von Dohlen, C. *In press*. Geographically structured lineages in the widespread spider wasp, *Ageniella accepta* (Hymenoptera: Pompilidae), with new synonyms. *Insect Systematics & Evolution*.

## 2018

- Wilson, J. S.**, Kelly, M., & Carril, O. M. (2018). Reducing protected lands in a hotspot of bee biodiversity: bees of Grand Staircase-Escalante National Monument. *PeerJ*, 6, e6057.
- Carril, O. M., Griswold, T., Haefner, J., & **Wilson, J. S.** (2018). Wild bees of Grand Staircase-Escalante National Monument: richness, abundance, and spatio-temporal beta-diversity. *PeerJ*, 6, e5867
- Wilson, J. S.**, Pan, A. D., Limb, E. S.\*, & Williams, K.A. (2018). Why are North American velvet ants more colorful? *Environmental Science Journal for Teens*. ([https://www.sciencejournalforkids.org/uploads/5/4/2/8/54289603/mimicry\\_article.pdf](https://www.sciencejournalforkids.org/uploads/5/4/2/8/54289603/mimicry_article.pdf))

Pitts, J. P., & **Wilson, J. S.** (2009). Description of the Female of *Acrophotopsis* (Hymenoptera: Mutillidae) with Synonymy of *Sphaerophthalma dirce*. *Journal of Hymenoptera Research*, 18, 205-211.

**Wilson, J. S.**, & Pitts, J. P. (2009). Species boundaries of *Sphaerophthalma unicolor* (Hymenoptera: Mutillidae): is color useful for differentiating species?. *Journal of Hymenoptera Research*, 18, 212-226.

Pitts, J. P., **Wilson, J. S.**, Williams, K. A., & Boehme, N. F. (2009). Velvet ants (Hymenoptera: Mutillidae) of the Algodones sand dunes of California, USA. *Zootaxa*, 2131, 1-53.

**Wilson, J. S.**, Messinger, O. J., & Griswold, T. (2009). Variation between bee communities on a sand dune complex in the Great Basin Desert, North America: implications for sand dune conservation. *Journal of arid environments*, 73, 666-671.

**2008**

**Wilson, J. S.**, Griswold, T., & Messinger, O. J. (2008). Sampling bee communities (Hymenoptera: Apiformes) in a desert landscape: are pan traps sufficient? *Journal of the Kansas Entomological Society*, 81, 288-300.

**Wilson, J. S.**, & Pitts, J. P. (2008). Revision of velvet ant genus *Dilophotopsis* Schuster (Hymenoptera: Mutillidae) by using molecular and morphological data, with implications for desert biogeography. *Annals of the Entomological Society of America*, 101, 514-524.

**2007**

**Wilson, J. S.**, & Pitts, J. P. (2007). New host associations for New World spider wasps (Hymenoptera: Pompilidae). *Journal of the Kansas Entomological Society*, 80, 223-228.

Pitts, J. P., **Wilson, J. S.**, & Parker, F. D. (2007). The spider wasps of Fiji (Hymenoptera: Pompilidae). *Fiji Arthropods VII. Bishop Museum Occasional Papers*, 91, 3-15.

### Peer Reviewed Notes and Research Reports

**Wilson, J.S.**, & Gall, B.G. (2011). *Thamnophis elegans* (Terrestrial Gartersnake) feeding behavior, prey subjugation by drowning. *Herpetological Review*, 42, 103.

**Wilson, J.S.** (2010) *Aspidoscelis tigris* (Western Whiptail) Diet. *Herpetological Review*, 41, 490-491.

**Wilson, J.S.**, & Topham, B.S. (2009). *Gopherus agassizii* (Desert Tortoise) Mortality. *Herpetological Review*, 40, 335-336.

**Wilson, J.S.**, & Pitts, J.P. (2009). Biodiversity and endemism in velvet ants (Hymenoptera: Mutillidae) of the Madrean Sky Islands: progress report. Submitted to the Richard Gilder Graduate School at the American Museum of Natural History.

**Wilson, J.S.**, Williams, K. A. & Pitts, J.P. (2008). Endemism and diversity in velvet ants (Hymenoptera: Mutillidae) of the southern California deserts. Final Report submitted to the California Desert Research Fund at The Community Foundation of Riverside and San Bernardino Counties.

**Wilson, J.S.**, Wilson, L.E., Messinger, O., & Griswold, T. (2006). Bees of the Okanogan National Forest, Tonasket Ranger District. Final Report submitted to The Okanogan National Forest, Tonasket Ranger District.

**Wilson, J.S.**, Messinger, O., & Griswold, T. (2005). The Bees of Dugway Proving Grounds. Final Report submitted to The Dugway Proving Grounds.

**Wilson, J.S.**, Messinger, O., & Griswold, T. (2003). The Bees of Dugway Proving Grounds. Annual Report submitted to The Dugway Proving Grounds.

### Funding

**2018** Milkweed supports Monarchs, does it support other pollinators? Utah Department of Natural Resources. **\$32,300.**

**2017** Bandelier National Monument Native Bee Survey. **\$9,997.**

**2015** Red Butte Gardens Native bee Survey. **\$12,600.**

**2014** RCDE New Faculty Success in Scholarship Grant (NFSSG). Investigating the evolution of color mimicry in velvet ants through population genomics. **\$10,000.**

**2012** Contributed significantly to the writing of an NSF grant investigating they phylogenetic and phytochemical cascades in the evolution of tropical diversity (PIs A. Smilanich, L. Dyer, M. Forister, C. Jeffrey; University of Nevada, Reno). **\$389,545.**

**2009** Theodore Roosevelt Memorial Grant from the American Museum of Natural History. Biodiversity and endemism in velvet ants (Hymenoptera: Mutillidae) of the Madrean Sky Islands. **\$1,000.**

- 2007** Research Grant from the California Desert Research Fund at The Community Foundation of Riverside and San Bernardino Counties. Endemism and diversity in velvet ants (Hymenoptera: Mutillidae) of the Southern California deserts. **\$3,194.**
- 2006** Theodore Roosevelt Memorial Grant from the American Museum of Natural History. Phylogeography of deserticolous nocturnal Mutillidae (Hymenoptera). **\$1,130.**

## Teaching Experience

---

### Courses Taught

#### *Utah State University*

- Biology 1010** (3 credits), Biology and the Citizen (2012- present; every semester; Interactive video broadcast + face to face)
- Biology 1610/1620** (4 credits), General Biology I & II (2012- present; every semester; face to face)
- Biology 1615/1625 Laboratory** (1 credit), General Biology I & II (2012- present; every semester; face to face)
- Biology 5800** (1-3 credits), Undergraduate Research (2012- present; every semester, face to face)
- Biology 4750** (3 credits), Topics in Biology (Spring 2017; face to face)
- PE 1245** (1 credit), Ultimate Frisbee, (Fall 2014; face to face)
- PE 1246** (1 credit), Intermediate Ultimate Frisbee, (Spring 2015; face to face)
- USU 1350** (3 credits), Life Sciences (Co-taught) (Fall 2010; face to face)

#### *Other Institutions*

- Biology 314** (3 credits) Ecology and Population Biology (University of Nevada, Reno: Co-taught)

### Experience

- 2012-present** **Professor**, College Biology I & 2 (Biol 1610, 1620 and associated laboratory), Biology and the Citizen (Biol 1010), and Undergraduate Research (Biol 5800) Utah State University Tooele. I teach the weekly lectures and labs, design curriculum, create lectures and tests and measure student learning through various assessment practices. I also lead undergraduates in research projects.
- 2012** **Instructor**, Ecology and Population Biology (Biol 314), University of Nevada, Reno. I co-taught the bi-weekly Ecology course. I was involved in course design, formulating lectures, and preparing quizzes and tests.
- 2010-2012** **Student Mentor**, University of Nevada, Reno, Nevada. Supervisor: Dr. Matthew Forister. I mentored two undergraduate students who researching the evolutionary ecology of various butterfly species. One of these students presented their research at regional and National conferences and is coauthoring a publication with me.
- 2010** **Temporary Instructor**, Life Sciences for non-Science Majors (USU 1350), Utah State University. I co-taught the non-majors life sciences course, which consisted of two sections of 200+ students each.
- 2009-2010** **Teaching Assistant Coordinator**, General Biology Laboratory (Biol 1610/1620), Utah State University. I trained teaching assistants how to perform the experiments in the weekly biology lab and advised them regarding appropriate teaching techniques. I also assisted in writing tests and quizzes and aided in the development of laboratory curriculum.
- 2009-2010** **Honors Laboratory Instructor**, General Biology Honors Laboratory (Biol 1610/1620), Utah State University. In addition to standard TA duties, I designed and led activities that encouraged problem solving and critical-thinking skills.

- 2006-2010**     **Student Mentor**, Utah State University, Logan, Utah. Supervisor: Dr. James Pitts. I mentored five undergraduate students who were conducting molecular biology research on multiple arthropod groups. Two of these students presented their research at regional entomology conferences and coauthored publications with me.
- 2006-2010**     **Assistant Laboratory Coordinator**, General Biology Laboratory (Biol 1610/1620), Utah State University. I set up the weekly biology lab to be used by 500-700 students. I ordered supplies and instructed teaching assistants on proper use of laboratory equipment.
- 2005-2010**     **Laboratory Instructor**, General Biology Laboratory (Biol 1610/1620), Utah State University. For three sections of 30 students, I lectured for 20-30 min. and supervised the weekly three-hour lab. Lab topics ranged from the cell cycle and Mendelian genetics to fungi and plant diversity in Biology 1610 and from phylogenetics and evolution to animal behavior and diversity in Biology 1620.
- 2009**            **Guest Lecturer**, General Biology (Biol 1620), Utah State University. I gave a series of lectures on animal diversity, evolution, behavior, and conservation to the general biology class (500+ students).
- 2008**            **Wildlife Specialist**, Utah Envirothon, Moab, Utah. I taught 19 teams of high school students about bee diversity and conservation in the desert southwest, with particular focus on land-management issues.
- 2007**            **Wildlife Specialist**, Utah Envirothon, Salt Lake City, Utah. I taught 16 teams of high school students about adaptation and evolution, focusing principally on the adaptations of shorebirds.

## Presentations

---

### Invited Seminars

- Wilson, J.S.** Bee diversity in the beehive state. USU Sunrise Session, Salt Lake City Utah. October 2018.
- Wilson, J.S.** Getting to know the bees in your backyard. Tooele City Library, Tooele Utah. August 2018.
- Wilson, J.S.** Getting to know the bees in your backyard. Bee fest (SLC), Salt Lake City, Utah. June 2018.
- Wilson, J.S.** and Carril, O.M. The secret life of native bees: misconceptions, natural history, and making choices as a single bee. New Mexico Bee Keeping Association. February 2018.
- Wilson, J.S.** What we need to know about the bees in our backyard and how we can help them. AI chapter of P.E.O. of Utah (Philanthropic Educational Organization). Salt Lake City, Utah. October 2017.
- Wilson, J.S.** Meet the bees in your backyard and the velvet ants around the corner. Biology Department Seminar, Utah State University. Logan Utah. October 2017.
- Wilson, J.S.** Get to know the bees in your backyard. Swaner Preserve and EcoCenter, Park City Utah. May 2017.
- Wilson, J.S.** Getting to know the bees in your backyard. Cache Valley Beekeepers Association, Logan Utah. February 2016.
- Wilson, J.S.** Red Butte Gardens and the bees in our backyards. Red Butte Gardens, Salt Lake City Utah. September 2016.
- Wilson, J.S.** Getting to know the bees in your backyard. Beaty Biodiversity Museum, Vancouver British Columbia. May 2016.
- Wilson, J.S.** Getting to know the bees in your backyard. Town Hall Seattle, Seattle Washington. May 2016.
- Wilson, J.S.** Getting to know the bees in your backyard. Oregon Museum of Science and Industry, Portland Oregon. May 2016.

- Wilson, J.S.** Getting to know the bees in your backyard. UNR Museum of Natural History and Nevada Bugs and Butterflies, Reno Nevada. May 2016.
- Wilson, J.S.** Getting to know the bees in your backyard. San Diego Natural History Museum, San Diego California. March 2016.
- Wilson, J.S.** Evolution of the world's largest Müllerian mimicry complex in North American velvet ants. Biology Department Seminar, Utah State University. Logan Utah. January 2016.
- Wilson, J.S.** Velvet ants and other Hymenoptera: the evolution of mimicry and diversity. Biology Department Seminar, Brigham Young University. Provo Utah. January 2016.
- Pitts, J.P., & **Wilson, J.S.** Confusing colors and suspicious species: The world's largest mimicry complex (Hymenoptera: Mutillidae). Entomological Society of America National Meeting. Minneapolis Minnesota. November 2015.

Miller, and K. Parks. Phylogenetic and Phytochemical Cascades in the Evolution of Tropical Biodiversity. Gordon Research Conference. Ventura, CA, March 2013.
- Starley, L.\*, J.P. Jahner, **J.S. Wilson**. Using pan traps to measure bee diversity: size does matter. Utah State University Undergraduate Research Symposium. Logan, UT, December 2012.
- Sneck, M.E.\*, D.D. Murphy, **J.S. Wilson**, and M.L. Forister. Isolation in the desert: a phylogenetic study of the Pallid Dotted-Blue (*Euphilotes pallescens*). 96<sup>th</sup> Ecological Society of America Annual Meeting. Austin, TX, August 2011.
- Sneck, M.E.\*, D.D. Murphy, **J.S. Wilson**, and M.L. Forister. Isolation in the desert: a phylogenetic study of the Pallid Dotted-Blue (*Euphilotes pallescens*). University of Nevada Undergraduate Research Symposium. Reno, NV, April 2011.
- Gunnell, C.\*, **J.S. Wilson**, and J.P. Pitts. Do phylogenetic relationships based solely on ITS1 & 2 adequately represent evolution? Utah State University Undergraduate Research Symposium. Logan, UT, December 2010.
- Clark, S.\*, **J.S. Wilson**, and J.P. Pitts. Is *Sphaerophthalma arota* (Hymenoptera: Mutillidae) a single species?: Biogeography and systematics of a cryptic species-complex. Pacific Branch Entomological Society of America meeting. Boise, ID, March 2010.
- Gunnell, C.\*, **J.S. Wilson**, D.B. Wahl, and J.P. Pitts. Investigating the endemism of *Aphonopelma* species (Araneae: Theraphosidae) in California's southern coast ranges. Pacific Branch Entomological Society of America meeting. Boise, ID, March 2010.  
\*Awarded "Outstanding Poster" at the USU Research Symposium.
- Wilson, J.S.** and J.P. Pitts. Phylogeographic patterns in a widespread velvet ant (Hymenoptera: Mutillidae): Is the Colorado Plateau simply an extension of the Great Basin Desert? 2009 Intermountain Graduate Research Symposium. Logan, UT, September 2009.
- Wilson, J.S.** and J.P. Pitts. What is driving diversification in the desert? Evolution of *Dilophotopsis* (Hymenoptera: Mutillidae). Entomological Society of America National meeting. San Diego, CA, December 2007.
- Wilson, J.S.** and J.P. Pitts. The secret life of a velvet ant (Hymenoptera: Mutillidae): Cryptic patterns of diversity on the Colorado Plateau. Ninth Biennial Conference of Research on the Colorado Plateau. Flagstaff, AZ, October 2007.
- Pitts, J.P., **J.S. Wilson**, and K.A. Williams. Phylogenetics of the Nearctic Nocturnal velvet ant genus *Odontophotopsis* Viereck (Hymenoptera: Mutillidae). Pacific Branch Entomological Society of America meeting. Portland, OR, March 2007.
- Wilson, J.S.** and J.P. Pitts. Phylogeography of the deserticolous velvet ant *Dilophotopsis concolor* (Hymenoptera: Mutillidae). Pacific Branch Entomological Society of America meeting. Portland, OR, March 2007.

## Research Experience

---

- 2012-present** Assistant/Associate Professor, Utah State University Tooele. I study various aspects of evolutionary biology and ecology to investigate the history and future of biodiversity, with a particular focus on diversification in insects.
- 2011-2012** Postdoctoral Fellow, University of Nevada, Reno. Supervisor: Dr. Matt Forister. Duties: Collect and analyze genomic-level data from various butterflies in order to study the genomic consequences of hybridization.
- 2010-2011** Postdoctoral Fellow, University of Nevada, Reno. Supervisor: Dr. Matt Forister and Lee Dyer. Duties: Collect and analyze molecular data from various butterflies and moths in order to study coevolutionary patterns and historical biogeography.
- 2005-2010** PhD candidate, Utah State University, Logan, Utah. Supervisor: Dr. James Pitts. Duties: Collected molecular data from multiple arid-adapted arthropod species in order to examine patterns of diversification in the Nearctic deserts.

- 2006-2010** Research Assistant, Utah State University, Logan, Utah. Supervisor: Dr. James Pitts. Duties: Conducted surveys for the red imported fire ant in southern Utah as a larger project funded by USDA-APHIS.
- 2005** Biological Aid, Bioekistic Biological Consulting, St. George, Utah. Supervisor: Marshall Topham. Duties: Surveyed public lands for sensitive reptiles, amphibians, and birds prior to proposed utility work.
- 2004-2005** Biological Technician, Utah Valley University, Orem, Utah. Supervisor: Dr. Catherine Stephen. Duties: Assisted in the study of the phylogeographic patterns of iguanas of the Lesser Antilles using mitochondrial DNA.
- 2003-2005** Biological Technician, USDA-ARS Bee Biology and Systematics Laboratory, Logan, Utah. Supervisor: Dr. Terry Griswold. Duties: Investigated the diversity and biogeographical patterns of native bees from multiple arid environments in Utah.
- 2004** Biological Technician, USFS Okanogan-Wenatchee National Forest, Tonasket Ranger District, Tonasket, Washington. Supervisor: Larry Loftis. Duties: Investigated native bee diversity in the Tonasket Ranger District and recorded bee/plant interactions.

## Advising

### University Service

- 2018** Served as a member of the Biology Curriculum Reform and Assessment Working Group.
- 2016** Served on the search committee for a lecturer position in Anatomy and Physiology for the Tooele Regional Campus.
- 2014** Served as a member of the Faculty Excellence Committee. Duties: Plan faculty retreat for the regional campuses, review grant proposals, review nominations for faculty awards.
- 2013** Recorded a public service announcement advertising for USU-Tooele that was aired at the local movie theater and on local cable TV stations.

### Community Service and Outreach

- 2015** Invited seminar speaker at the Wildcat Bluffs Nature Center, August 2015, Amarillo, TX: Taught the public about the importance of native bees.
- 2011** Invited Scientist at the Kid Zone Family Camp, July 2011. Sagehen Creek Research Station, CA: Taught camp participants about insects and led a nature walk to collect insects.
- 2011** Invited Scientist at the Galena Creek summer camp, June 2011. Reno, NV: Taught camp participants about insects and led a nature walk to collect insects.
- 2010** Science fair judge at the Thomas Edison Charter School, February 2010. North Logan, UT.
- 2009** Science fair judge for the community science fair for home schooling families, March 2009. Logan, UT.
- 2007** Invited Scientist at Adams Elementary School, March 2007. Logan, UT: Taught students and parents about entomology.

## Awards and Honors

---

- 2017** PROSE Award for *The bees in your backyard*. Awarded for the single volume reference/science. This award is given by the Association of American Publishers and is given to “recognize distinguished professional and scholarly books.”
- 2014** Researcher of the year. Utah State University Regional Campuses and Distance Education. Awarded August 2014.
- 2014** Professor of the year. Utah State University - Tooele. Awarded April 2014.
- 2010** First Place in Student Oral Competition at the Entomological Society of America Annual Meeting (Pacific Branch), held in Boise, Idaho on April 11-13 2010.
- 2010** Third Place in Lecture Session at the 2010 Intermountain Graduate Research Symposium, held in Logan, Utah on March 31 2010.
- 2008** Second Place in Student Oral Competition for President’s Prize in Revisions and Evolution at the Entomological Society of America National Meetings, held in Reno, Nevada on November 16-19 2008.
